## **Winner – International Investment Awards**

### **2020 Excellence in Advisory Best Practice Awards – Europe**

We're delighted to have been recognised as Best Advisory Firm in Europe in International Investment's 2020 Best Practice Awards. The awards are the longest running of their kind and recognise excellence across the full spectrum of the finance industry. All entries are evaluated by an expert panel of judges.

The award reflects our commitment to putting our clients at the heart of everything we do.

We are an independent private wealth management company, regulated by the Financial Conduct Authority, thus ensuring our clients receive the highest level of regulated advice, regardless of their residence.

We are continually looking at ways to add value to the service and advice we offer to our clients. This means constantly upgrading what we do, and in a challenging year, we are proud that we have added our own in-house Tax Advisory to our offering, ATC Tax.

The feedback has been excellent, with clients appreciating that their financial affairs are 'under one roof' and the comfort and convenience this brings.

We're proud to have been recognised for our best practice and look forward to continuing our growth in 2021. We have big plans, and early in 2021 we will announce the next part of our expansion strategy.
